IARU Universities

International Alliance of Research Universities (IARU)

The University of Copenhagen is organising the scientific congress in cooperation with the partners in the International Alliance of Research Universities (IARU):

- Australian National University
- ETH Zurich
- National University of Singapore
- Peking University
- University of California, Berkeley
- University of Cambridge
- University of Copenhagen
- University of Oxford
- University of Tokyo
- Yale University

The Scientific Congress is sponsored by:

Congress Purpose

The Organisers of the UN Conference on Climate Change (COP15) to be held in Copenhagen at the end of 2009 have asked IARU to organise this conference as part of the run-up to the COP 15. The purpose of the conference is to try and capture some of the enormous research energy currently being devoted to the elucidation, mitigation and adaption to climate change.

Thus, the focus of the conference is on providing a picture of the "big issues" that the scientific community feels it is necessary that policy makers are aware of in order to make enlightened with respect to the balancing of adaption and mitigation in the societal response to
